ATTENTION: Special Ed Personnel, Principals, Superintendents

Anyone who has a Special Ed Notebook provided by the NCOESC and updated each year, please remember to put them in the office at your building so they can be picked up for updates over the summer. If you have any old notebooks laying around, please send those along too. We can reuse the binders. Thanks so much for your help in this matter. Collecting them is so much easier if they are all in one place.

Have a fantastic summer!
